MESH

Door Frame Profile

SECURITY DOORS AND WINDOW SCREENS

SuperSafe screens for doors and windows are made from industrial grade stainless steel. Using the patented Secura Screen system the mesh is folded and locked into a sturdy aluminium frame to meet or surpass Australian Standards. Combined with a triple lock system, our doors offer the ultimate in security and are proven to keep intruders out. Let the breeze flow through your home knowing your family is safe from uninvited guests.

SECURITY GATES AND FENCES

Secure your boundaries with our great range of quality gates and fences.

Driveway gates

- Swing or sliding gates
- Manual or auto

Pedestrian gates

- Manual entry or connected to an intercom

Intercom systems

- We can connect to existing intercom system or if you don't have one we can fully install

Fences

- Select from our great range of styles and colours

COLOURS

All SuperSafe frames are put through a multi-stage chemical pre-treatment and then powdercoated to meet Australian Standards. Choose from over 100 colours to suit your home.

SUPERSAFE DOOR GUARANTEE

SuperSafe guarantees that you will be 100% satisfied with your purchase and back this up with a 2 year warranty against defects. We are so confident of our products we offer a lifetime guarantee that if your home is broken into through a locked SuperSafe door or screen we will replace the damage product without charge.
